

DB-01(IS) Detector Base

Description

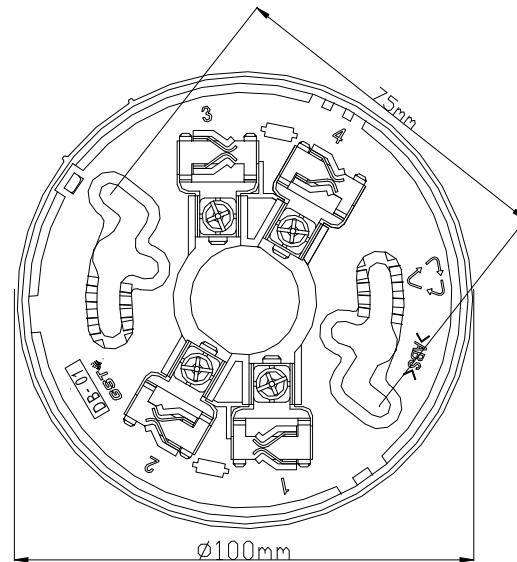

A common base for GST intrinsically safe detectors. With special material and surface treatment, the base will not cause spark discharge to the atmosphere. There isn't electrical component on the base.

The DB-01(IS) base has 4 terminals marked with 1-4. For the detail connections, please refer to the manual of installed detector.

Technical Specification

- Compatible Devices:
DC-9101(IS), DC-9102(IS), DC-9103(IS)
- Material: ABS
- Dimension: 100mm(D) X 16.5mm(H)
